

Lowrance HDS Classes

Are you a Novice? Do you not feel comfortable working your Lowrance HDS? Well this is the class for you!

Chris Meyer who is on the Lowrance Pro Staff will be teaching the class. This class is for basic operation of the HDS system. Covered will be sonar operation, mapping operation, as well as covering some of the add on features such as Structure Scan and Sirius weather.

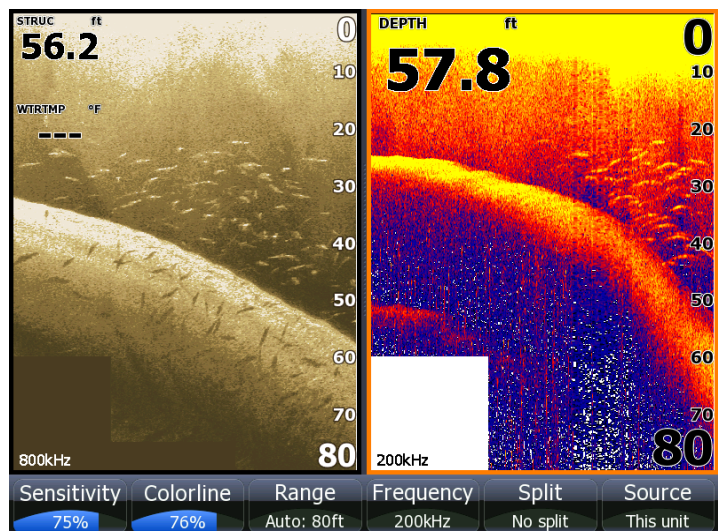

What the class is:

Cost: \$25 Limited to 20 people

You: Bring your HDS unit head in. No power cords transducers or anything else. Just the head of the HDS unit! The power cords are all provided!

Where: Dates, times and locations can be found on my website.
